Banner of the Griffin	This unit gains the Rallying! (1) Special rule, or Increases the value of its Rallying! by 1, to a maximum of 2.
Blade of Slashing	Whenever the unit rolls to hit in Melee, it can re-roll one of the dice that failed to hit.
Blizzard	36" Range, Blast (D6). Indirect.
Brew of Haste	The unit has +1 Speed.
Crushing Strength	All melee hits inflicted by the unit have a +(n) modifier when rolling to damage.
Fly	The unit can move over anything (blocking terrain, enemy units, friendly units when charging, etc.), but still cannot land on top of them. The unit does not suffer hindered charges for moving over difficult terrain or obstacles, unless it ends the move within or touching them. The unit also has the Nimble special rule. While Disordered, units lose the Fly special rule including the Nimble that it grants. If the unit has Nimble for a different reason (ie: Individual) then they will remain Nimble while Disordered.
Heal	Spell. Range 12". Friendly unit only, including units engaged in combat. Hits don't inflict damage. Instead, for every hit 'inflicted', the friendly unit removes a point of damage that it has previously suffered.
Individual	Line of Sight Before being given an order, an individual may pivot to face any direction for free. Individuals never block line of sight or offer cover against ranged attacks. Move Individuals have the Nimble special rule. Shooting Individuals may pivot to face any direction for free before picking a target in the shooting phase. Enemies shooting against Individuals suffer an additional -1 to hit modifier. Melee When charging an individual, a unit must make contact with the face that they started in as normal, however the Individual will turn to align flush with the unit's facing, rather than the unit aligning to the individual's facing. Enemies never double/treble their Attacks when fighting the individual. Similarly, the individual does not double/treble its own attacks when attacking an enemy in the flank/rear. It does still treble its attacks against war engines, however. If an individual is routed and the charger (including another individual) decides to advance D6" directly forward, it can make contact with another enemy unit. In melee, enemies treble their attacks when attacking War Engines with the Individual special rule.
Inspiring	If this unit, or any friendly non-allied unit within 6" of this unit, is Routed, the opponent must re-roll that Nerve test. The second result stands.
Lightning Bolt	Spell. Range 24". Piercing (1) – roll to damage as normal. When targeting enemy units in cover or with the Stealthy special rule, these attacks hit on a 5+ instead of 4+.
Nimble	The unit can make a single extra pivot of up to 90 degrees around its centre while executing any move order, including a Charge! It cannot make this extra pivot when ordered to Halt. In addition, the unit does not suffer from the -1 to hit modifier for moving and shooting. When Disordered by a unit in melee with either the Phalanx or Ensnare special rule, this unit loses the Nimble special rule until the end of its following turn.
Pathfinders	The unit suffers no movement penalties for difficult terrain, simply treating it as open terrain. Pathfinder units are not Hindered for charging through difficult terrain.

Quicksilver Rapier This unit has +1 to hit when attacking individuals in melee.

Regeneration (5+) Every time this unit receives an order (including Halt!), before doing anything else, roll a number of dice equal to the amount of damage currently on the unit. For every result of 5+, the unit recovers a point of damage.

Shambling The unit cannot be ordered 'At the Double', except when carrying out a Vanguard move.

Shroud of the Saint Users with the Heal spell only. This item increases the unit's Heal (n) value by 3. For example: Heal (3) becomes Heal (6).

Surge Spell. Range: 12". Friendly unit with the Shambling special rule only. Hits don't inflict damage. Instead, for every hit 'inflicted', the Shambling friendly unit moves straight forward a full inch (stopping just out of contact from friendly units and blocking terrain). If this movement brings it into contact with an enemy unit, treat this as a successful charge against the enemy facing that has been contacted. However, the charged unit will not take any Nerve tests for any damage it might have taken previously in that Shoot phase. If the Surge move took the unit over an obstacle or through difficult terrain then it will be hindered in the ensuing combat as normal. This movement may take the unit to within 1" of the enemy. However if it is not in melee at the end of the shoot phase, move it directly away from any enemy units to create a 1" gap (if possible). This spell has no effect on units with a speed of 0.

Thunderous Charge All melee hits inflicted by the unit have a +(n) modifier when rolling to damage. This bonus is in addition to the unit's Crushing Strength (if any), however, the unit loses this bonus when Disordered and reduces this bonus by 1 when Hindered.

Vanguard The unit can make a single At the Double or Advance order after set-up is finished. If both armies have units with this rule, roll a die. The highest scorer decides who begins to move one of their Vanguard units first, then the players alternate until all Vanguard units have been moved.

Wine of Elvenkind The unit has the Nimble special rule.
