Total Units: 20 **Total Unit Strength:** 37
Total Points: 2300

Command Order	Target	Description
Tenacity!	3	The unit may re-roll a single failed to hit roll in Combat this Turn. It cannot be used to re-roll a dice for an attack that has the Blast special rule.
Tactical Retreat!	4	If the unit performs a Back! order, it may move up to its Sp value, but may not make any pivots. This order may not be issued to a unit carrying a Loot Counter.
Unleash the Mawpups	4	Units with the Green Horde Trait only. When the unit attacks in a Combat, separately roll 6 more attacks for the Mawpups, always hitting on 4+ and with Crushing Strength (1) - no other special rules from the unit have any effect. These attacks do not receive any bonus for rear/flank attacks and must be allocated to a single enemy unit.
The Green Wave	5	Infantry, Large Infantry units only. When the unit receives a Movement order, it gains either the Nimble or Pathfinder special rules.

Special Rule	Description
Blast (n)	For each of the unit's attacks that hit the target, the target suffers a number of hits equal to the number in brackets, rather than a single hit. For example, if a unit suffers a single hit from a Blast (D6+3) attack, it will suffer from four to nine hits rather than a single one. If a unit suffers four hits from a Blast (D3) attack, it will suffer from four to twelve hits rather than a single one. Once this is done, roll for damage as normal for all of the hits caused
Brutal (n)	When testing the Nerve of an enemy unit in Combat with one or more of your units with this rule, add the highest Brutal (n) value to the total rolled. If an enemy unit is subject to both the Brutal and Dread special rules, the attacking player must choose which to use. Both cannot be applied against the same unit at the same time.
Crushing Strength (n)	All hits caused by attacks from this unit in Combat have a (+n) modifier when rolling to damage. For example: when rolling to damage in Combat with an attack that has Crushing Strength (1),a roll of 4 would become a roll of 5.
Drain Power	When Grupp scores one or more hits in Combat, the enemy unit is considered to be affected by the Weakness spell, applying its normal rules. Still roll to damage the enemy unit from hits scored in the Combat as normal.
Dubious Tech	Before being given an order in the Movement Phase other than Halt!, Change Facing! or Reform!, roll a D6. On a result of 1, the flight suit malfunctions in spectacular fashion. All units from both sides within 6" of Groany, and Groany himself, suffer one point of damage. No Nerve tests are required for damage taken in this way.
Ensnare	In Combat, attacks against this unit's front suffer an additional -1 to hit.
Fearless	When taking Nerve tests, this unit treats Wavering as Steady.
Fly	When executing an order other than Withdraw!, the unit can move and pivot over anything (Blocking Terrain, enemy units, friendly units when charging, etc.),as long as the flying unit's entire Movement Order ends clear of any units or Blocking Terrain. The unit does not suffer Hindered charges for moving over Difficult Terrain or Obstacles, unless it starts or ends the move within or touching them.
Headstrong	If a unit with this rule begins its Turn Wavering, roll a die before declaring a Movement order (including Halt!) for this unit. On a 4+ it shrugs off the effects of Wavering – remove the Wavering status from the unit.
Individual	This rule is explained on page 42.

Inspiring	If this unit, or any friendly unit within 6” of this unit, suffers a Wavering or Rout result (including when attempting to Withdraw!),that Nerve test must be rerolled. The second result stands. Note that a unit may also have a qualifier for its Inspiring rule. In this case the unit will only Inspire itself and the unit(s) specified.
Nimble	The unit can make a single extra pivot of up to 90 degrees around its centre-point while executing a Charge! order.
Phalanx	Cavalry, Large Cavalry, and units with the Fly special rule that Charge this unit’s front are Hindered.
Piercing (n)	All hits caused by Ranged attacks from a unit or weapon with this special rule have a (+n) modifier when rolling to damage. For example: when rolling to damage with a Ranged attack that has Piercing (1),a roll of 4 would become a roll of 5.
Thunderous Charge (n)	If the unit has made a Charge! into Combat this Turn, all hits inflicted in Combat by this unit have a (+n) modifier when rolling to damage. This bonus is in addition to the unit’s Crushing Strength (if any). However, the unit loses this bonus when Hindered.
Very Inspiring	This is the same as the Inspiring special rule, except that it has a range of 9”. Any rule that affects Inspiring also affects Very Inspiring.
Vicious	Whenever the unit rolls to damage, it re-rolls all dice that score a natural, unmodified 1. Vicious may specify which phase it is limited to: e.g. Vicious (Combat) means the rule applies only in the Combat Phase.
Wild Charge (n)	Units with this special rule add (n) to their charge range. This is added after Sp is doubled. For example, a unit with a Sp stat of 4 and Wild Charge (2) can Charge units up to 10” away. In some instances, the (n) value may be a variable die roll (e.g. Wild Charge (D3)). In these cases, roll a separate D3 for the unit after issuing a Charge order to it. If the number rolled means that the target unit is not in range to complete the charge, your unit must be given a different order, but cannot select an alternative unit to Charge!
Yielding	Both friendly and enemy units can always choose to ignore this unit, just as if it was not there, when moving and shooting (even if Engaged with it). They must however still end their Movement Order clear of this unit. It is assumed that the Yielding unit moves aside and lets the enemy pass by before returning to its position. If your unit(s) Routs a Yielding unit and chooses to move Forward!, and this random movement would bring them into contact with another enemy unit, treat this as a successful Charge against the facing that your unit(s) started its Forward! move in (if possible, otherwise against the facing contacted). If the Forward! move took your unit(s) over an Obstacle or through Difficult Terrain, then it will be Hindered in the ensuing Combat as normal.

Spell	**Description**
Fireball Range: 12" Magical Missile	Blast (D3),Shattering (1).
Hex Range: 30" Target	If any hits are scored, instead of causing damage, the target enemy unit is Hexed until the end of its next Turn. Hexed units receive two points of damage for each hit they score with a spell. A Nerve test is not required for damage caused by this spell.
Host Shadowbeast Range: 12" CC, Self, Friendly Hero/Inf, Hero/Cav only	This spell can be used even if the model is Engaged. For each hit scored, instead of causing damage, until the start of its following Turn, the target may make an additional attack when attacking in Combat. These attacks are rolled separately from their normal attacks and always hit on a 3+, with the Crushing Strength (3) special rule. These attacks are never doubled or trebled or affected by artefacts, spells or any other special rules (including additional Crushing Strength above 3). A spellcaster may cast Host Shadowbeast onto themselves and can do so even when Engaged with an enemy unit. Multiple castings on the same target have no additional effect.
Lightning Bolt Range: 24" Magical Missile	Piercing (1)

Artefact	Description
Diadem of Dragonkind	The unit gains the Fireball (4) spell, or if the unit already has a Fireball spell, its value is increased by 2.
Crystal Pendant of Retribution	May not be taken by units with the Individual special rule. When the unit suffers a Rout result, all units in base contact with it suffer 2D6 hits with Piercing (3). These hits are resolved by the player that Routed the unit with the Crystal, which now has to (grudgingly, we’re sure) resolve the hits against their own unit(s). After the damage has been resolved, no Nerve test is taken by the damaged units.
